 class rings,
 a question
 of pride

Achievement. Pride. Memories! Each Graduor Class ring makes a powerful statement about the person who wears one. A Class ring is a symbol of memories and a reflection of accomplishments. Your Graduor ring will be as individual as you are because each ring has been individually designed by you. Graduor School rings... keeping your memories alive!

THE CLASS RING TRADITION
For generations, students have celebrated their school experiences and preserved their important memories with a class ring. Capturing them in a piece of fine jewelry is quite an achievement.

LIFETIME WARRANTY
That’s why we offer hundreds of ways to make your ring unique. This is why we craft each ring with special attention to detail, then back it with a LIFETIME WARRANTY. Each Graduor ring carries a LIFETIME WARRANTY on materials, gemstones and workmanship. Should it be defective in any way, at any time, we will repair or replace it immediately.

EXTENDED PROTECTION PLAN (Optional)
This extended protection can be added at the time of purchase of your class ring (for a nominal fee). This agreement is an extension of Graduor’s regular warranty and shall be effective for a period of three years after graduation. Graduor will agree to replace your class ring in case of accidental loss, loss caused by fire, loss by theft or larceny, severe accidental damage. (A replacement charge will apply).

Graduor is committed to providing products that have a minimal impact on our environment and do not take advantage of our fellow global citizens. From the paper we print on to the stones and metals we use to craft your ring, we have taken action to ensure that we are a manufacturer of products you can personally be proud of owning. Here are several areas where we have made specific commitments:

No dirty gold
Graduor endorses No Dirty Gold’s Golden Rules and calls on the mining industry to extract and manufacture gold under higher social, human rights and environmental standards. For more information about this movement, please visit www.nodirtygold.org.

No blood diamonds
The United Nations passed a resolution called the Kimberley Process Certification Scheme that is designed to certify the origins of diamonds and to ensure the stones are not “conflict” or “blood” diamonds. It is Graduor’s commitment to you that the diamonds used in our products are conflict free, based on written guarantees provided by our diamond supplier.

Forest Stewardship Council (FSC) certified
Graduor is proud to print our High School Class Ring Catalog entirely on Forest Stewardship Council (FSC) Certified Paper. FSC certification ensures that the paper used to make this catalog contains fiber from well-managed and responsibly harvested forests that meet strict environmental and socioeconomic standards.

Environmentally friendly simulated birthstones
Our simulated birthstones are all lab created stones, with many sharing the same chemical properties as genuine stones. With the exception of diamonds, our stones are not mined and, as a result, are significantly more eco-friendly.
